And then ask yourself why all the suspicious activity around CEL lately, from whales buying a 903K CEL wall to whales trying to buy 1.9M CEL on FTX. @CelsiusNetwork is a bankrupt company with a worthless token. So why spend millions of dollars on CEL?

Ask yourself who wants to buy 1.9 million CEL right now if it's not a trapped short-seller. These whale shorts need to close. I know of one whale short-seller that needs 7 million CEL to close.
